

Retail Business Emergency Damage Restoration Services in Utah

utahfloodcleanup.com/retail-business-emergency-damage-restoration-services-in-utah

Has your retail store suffered damages from a fire, flood, or mold growth? Contact Utah Flood Cleanup at 801-416-2666 today.

You head into your store one morning only to see water rising on the floor, or you get an overnight call about a fire at your premises. In either case, you're facing a major retail facility damage restoration project. ***Fires lead to smoke and water damage on top of the structural issues that can be part of the repair.*** With ***water comes the possibility of mold growth.*** Meanwhile, you have a store to open and customers impatiently waiting to shop.

At Utah Flood Cleanup, our team can quickly assess the damage, come up with a timeline and complete commercial damage restoration services as quickly as possible.

Retail Fire and Smoke Damage Restoration

When your store goes up in flames, it can mean massive losses. Plus, ***fire and smoke damage*** can leave you and your staff unable to enter the building. ***Our team*** can help you take control of the situation and make an action plan.

Inspect for Safety. With the possibility of structural damage, a full inspection is the first step for ***fire and smoke damage restoration in retail stores.*** Even lingering smoke damage requires professional cleanup.

Assess the Water Damage. When the fire department arrives, water is the tool of choice for putting out a blaze. That means you'll likely need retail store water damage cleanup services that will minimize the cost to your inventory.

Mitigate the Damage. *Many insurance policies require you to take immediate action to minimize the damage.* That means boarding up broken windows or doors, tarping the roof or setting up fans to help dry out your store. ***Our experts handle the mitigation process for you.*** Some of the restoration steps include:

- A full inspection from the roof to the foundation.
- Addressing leaks and damaged points of entry.
- Water and soot removal from all surfaces.
- Neutralizing any lingering odor and sanitizing anything salvageable.
- Cosmetic repairs like drywall replacement, carpet installation or painting.

Our goal at Utah Flood Cleanup is to get you back up with minimal business disruptions.

Help with Water Damage Repair in Retail Stores

Water damage isn't limited to the aftermath of a fire. Local flooding, leaking roofs and pipe problems all leave gallons of water pouring onto your stock. ***During flooding, you lose revenue when it isn't safe to invite customers inside.*** In addition to the direct damage caused by water, you may also be looking at mold growth. Any cleanup delays can be costly, which is why ***we act fast to prevent problems like:***

- Warped flooring
- Mold and mildew growth and spreading
- Electrical issues from moisture
- Soaking drywall
- Carpet staining
- Damage to fixtures and furniture
- Collapsing ceilings
- Pest infestations

At Utah Flood Cleanup we use leading edge technology to find and repair all of the damage left behind as rapidly as possible. Our techniques include:

- disease prevention,
- mold and mildew elimination,
- removal of contaminated materials,
- installing replacements where needed,
- dry out the premises from floor to ceiling,
- and any other restoration needed to bring your store back to its pre-flood condition.

Retail Store Mold Removal

After a fire or flooding, mold is a common problem Moisture creates a great environment to encourage mold growth, so it is important to be aware of the danger and take immediate steps to stop and kill mold as it appears.

Mold can cause a variety of health problems, ranging from coughing to illnesses. The very young, very old and people with allergies are at the most risk. Because mold is dangerous and difficult to detect in spore form, it usually requires professional removal. ***At Utah Flood Cleanup, we inspect, test, treat and remove all mold during the restoration process.*** At the end, we re-inspect to make sure nothing was missed.
